EXECUTIVE COMMITTEE GUIDELINES

FOR LETTERS OF NOMINATION FOR DISTINGUISHED MEMBER IN THE CHIEF WARRANT AND WARRANT OFFICERS ASSOCIATION, USCG

BACKGROUND: Article II of the Bylaws of the Association recognizes that some of our number have distinguished themselves through untiring efforts and devotion to the precepts stated in the preamble to the Constitution of the Association and have made significant contributions to the goals of the Association. Article II further provides that in recognition of distinguished leadership that the honor and title of Distinguished Member may be conferred on those individuals.

Nominations for distinguished membership may be made by any regular member of the Association and must be made in writing to the President of the Association. The Bylaws provide that the letter of nomination must contain sufficient information on the activities of the nominee to permit a special committee to exercise sound judgment on the acceptance or rejection of the nomination.

GUIDELINES:

1. **Who can submit the nomination?** The Bylaws specify that the nomination may be made by any regular member of the Association. Therefore, if a Chapter votes to nominate an individual, the letter of nomination must be from an individual and not the Chapter signed by an individual as an officer of the Chapter. Recognizing that in gathering material for the nomination others may express a desire to join in the nomination, more than one member may sign the nomination.
2. What should be included?
 - a. All offices held and committees served on at the Association and Chapter level should be in the letter.
 - b. Identification of what the nominee has done within the Association and how those activities have contributed to the goals of the Association.

(NOTE) It is the responsibility of the individual making the nomination to help the committee understand how the activities of the nominee have an impact on the goals of the Association. This is particularly important where the nominee has not served at the Association level. Several individuals have been elected to distinguished membership based on service in only one Chapter based on an explanation on how the results of their untiring service at that Chapter extended beyond the Chapter. In several cases where an individual only served with only one chapter and the nomination did not explain how the results of the service extended beyond the chapter the recommendation was rejected.

- c. A chronological listing of duty stations as a warrant officer.
- d. A chronological listing of accomplishments as an association member.

3. What should NOT be included in the letter of nomination?
 - a. Membership or service in other organizations (VFW, American Legion, PTA, Boy Scouts, etc) does not normally contribute to the goals of the Association. Only if the letter of nomination relates the nominee's activities in the other organization and how they contribute to the goals of the Association should that organization be mentioned.
 - b. Information which does not relate to the activities of the nominee, i.e.:
 - (1) Statements that other members of the Association support or endorse the nomination.
 - (2) Endorsements by other members of the Association.

Adopted by the Executive Committee on 2 May 2009

Secretary
